

Kerstin Heitefaut: PAGE purification

# IBA

BioTAGnology

Your partner for  
oligonucleotide  
specialties in  
Germany

*Quality has its faces ...*

# A German leader in nucleic acid specialty synthesis since 1991

IBA is producer of **specialized**, modified, labor intensive nucleic acid products. Our **highly motivated and qualified team** has not only a **special expertise** in DNA and RNA modification and labeling, our in-house nucleoside and nucleotide chemistry laboratory continuously **develops new modifications** which are **not available elsewhere**.

**You ask for it – we synthesize! Just let us know your demand.**

Paulina Mischenin: RNA production

Rita Fuchs and Hanna Schlotte:  
DNA/RNA cross-talk

Petra Cuprill-Arroyo; RNA production

# We provide you with

- ▶ DNA oligonucleotides up to **200 bases**
- ▶ RNA, **dsRNA**, random RNA
- ▶ Chimeric oligos and **X-NA** (locked nucleic acid)
- ▶ Oligonucleotides for **Antisense** Technology
- ▶ **More than 40** internal, 5'- and 3'- DNA and RNA **modifications**
- ▶ The brand-new **click-chemistry** for fast and reliable multiple nucleic acid labeling

Bettina Renker, Kai Franke, Joachim Bertram:  
Product Team Nucleic Acids

Lydia Hagenlocher: Nucleic acid labeling

Christiana Richter: DNA production

- ▶ **More than 150** different labels (fluorescent and non-fluorescent dyes, Biotin and Dig)
- ▶ **More than 100** modified **triphosphates** (deoxy-, ribo- and  $\alpha$ -thio-)
- ▶ RNA and DNA **dinucleotides** in all combinations

# The Oligo Specialist

Mary Schlote: Order administration

Elvira Rodin: Order processing

Ully Brendel: IBA Oligo Courier

**Brand-new  
click-chemistry**  
for fast and reliable  
multiple nucleic  
acid labeling!

**Highest product quality and excellent customer service are our priority.**
